Thanks for the information. I havent heard of this 3dsmax or Xforce before A: If you are using any other Autodesk applications then you'll probably find that any current (and future) version of Autodesk has a license requirement under the EULA for the application to stay away from keygens. Other than that, there is no reason that you shouldn't be able to use them in tandem. Monday, April 28, 2007 Why not let the whole world put their hands up and play the trumpet?Why not let the whole world put their hands up and play the piano?Why not let the whole world put their hands up and play the trombone?Why not let the whole world put their hands up and play the banjo?Why not let the whole world put their hands up and play the blues?Why not let the whole world put their hands up and play the drums?Why not let the whole world put their hands up and play the tuba?Why not let the whole world put their hands up and play the bells?Why not let the whole world put their hands up and play the tambourine?Why not let the whole world put their hands up and play the xylophone?Why not let the whole world put their hands up and play the water-phone?Why not let the whole world put their hands up and play the rasp-shaver?Why not let the whole world put their hands up and play the aerophone?Why not let the whole world put their hands up and play the glockenspiel?Why not let the whole world put their hands up and play the what-the-hell-is-it?Why not let the whole world put their hands up and play the pencil?Why not let the whole world put their hands up and play the horns?Why not let the whole world put their hands up and play the pinky ring?Why not let the whole world put their hands up and play the nutcracker?Why not let the whole world put their hands up and play the crash?Why not let the whole world put their hands up and play the push-button?Why not let the whole world put their hands up and play the whatsit-else?Why not let the whole world put their hands up and play the hat-trick?Why not let the whole world put their hands up and play the vibrator? Why not let the whole world
